

The Grand Father Council from The Nation of Waitaha, New Zealand, Aotearoa, send Greetings and Salutations to All Grandfather Councillors of All Nations of the Universe.

For the last two thousand years in the time of the gathering of the joint council of stars, being Venus and Neptune we call out to all honoured Grandfather Councillors to make time to gather in the sacred lands of the Spanish Nations because of the Prophecies and the Sacred Sounds that are to be brought together with the Drums and the Smoke of the Councillors.

Let all the Councillors know that it is the time of the

- Air
- Fire
- Water
- Earth
- Spirit

To be brought back together again to celebrate with love and devotion all that must be, Let the great bells, the great sounds of joy ring out again in the time that is to be chosen by the gathering Councillors and may the messages for the World Leaders, the World Healers, the World Light Workers all be made aware that it is now the time again of the great meeting of the minds of those who were separated by the Gods, then now through divine prophesy are being brought back together again in the Time of the Dragon Ascension Time.

We of the Waitaha Grandfather Councillors refer to this time of TeWa o TeMarakihau me TeArakaua. The Time of the Golden and Silver Dragon Returning.

Let us now Brother Roy Littlesun make the times to gather and to make strong Medicine Wheels for the next two thousand years when the Stars of Glory come together again in the Heavens.

We send blessings in the Wind and the Spirit to the Great Councils of Grandfathers.
